As parents raise their children they encounter several stages and phases on the road to maturity, better called "Transitions". Learn how to navigate your children through these transitions that often derail children from infant to adulthood and what parents need to know to skillfully travel through these bumpy times. This session, for parents of children of all ages, will show you where you have been, where you are headed and where you need to go to raise morally mature children into young adulthood.

Children are either in a transition or will be soon!

Come hear Joey and Carla Link give this presentation on Transitions that you either have, are, and will go through with your children!

**freewill offering will be taken to cover the Link's travel expenses*

Open to all parents!

Registration Deadline: February 18th. Complete attached form today!

Free childcare, please register early!
